MEMORY.

BY LUTE.

'Tis useless to pine o'er the days that are gone,
'Tis vain to regret all the deeds that are done,
'Tis fruitless to moan o'er the errors long past,
But 'tis well to resolve that they are the last.

Many a pale face would be joyful to-night,
Many a sad heart would be gleeful and bright,
If the days long gone by, the days full of pain,
Could with the dark musings be called back again.

Could but the tried mother, with silver-mixed hair,
Recall some gay hours that seemed all too fair,
And pluck out the thorn that, then hidden from sight,
Has crushed the proud heart with a withering blight.

Even the maiden whose bright head has seen
Of but seventeen springs the sky's azure sheen,
Even she could recall some few days whose pure joy
Too soon was corrupted by life's base alloy.

And the chieftain whose head is bending beneath
The weight of his glory, the laurel-twined wreath,
Are none of the moments far back in the past
Such as he would remodel if they were his last?

Ah yes, 'tis but useless to deny all the pain
That is caused by recalling those hours again,
For each of us, all of us, have thoughts we forget,
'Till mem'ry sweeps o'er us, bringing naught but regret.

MIXED STOCK IN CATTLE.

I noticed, sometime ago, a good deal written about keeping a mixed stock on pasture. As I have been a keeper of stock from my very early youth until now, I venture to give my opinion. And first, I have found my sheep to do very well amongst cattle, but cattle do badly amongst sheep. To prove it, let a farmer take the fodder left by the cattle even when part of it has been trodden down under their feet, and if the sheep are not fully fed, he will see the sheep eat it up very greedily;—then let him take what his sheep will leave and offer it to his cattle, and he will find they won't taste it, if they can get anything else; or let him turn his milch cows in a sheep pasture, and he will find them fail in milk. Cattle do well where horses pasture. In proof of this, every farmer must have seen that cattle will eat the litter of horses, even if fully fed, but horses won't eat what cattle leave, unless compelled to do so.—But horses and sheep will do well in some pastures, especially the horses. To prove this, let the farmer turn out the sheep from their yards, turn in his horses, and they will eat up all the sheep have left, even the litter around the rack.—*John Johnson.*

POINTS OF A GOOD HOG.

The mere name (breed) of a hog is not always a criterion of its excellence. Early maturity and a tendency to take on flesh will do more towards making the hog valuable than any virtue contained in the mere title of Berkshire, Suffolk, &c., for it may possess more of the valuable qualities of the breed.

In the true Berkshire, the result of a cross between the Chinese and Neapolitan varieties, we find the nearest approach to a desired standard, the chief points of which are as follows: The breast and loins should be broad, the bone and joints small, and the legs just long enough to prevent the belly from touching the ground; the feet should be firm, even, upright and sound; the head should be broad and thick; the snout short, and the ears light, thin and inclined slightly forward.

Nor is the color to be overlooked in determining the breed of the animal. A dark skin and thin hair shows Neapolitan blood; a white skin and medium size indicates the Chinese breed, while a light or reddish hue, with dark spots, denotes the Berkshire.—*Rural American.*

A NEW IDEA.

While riding through the country a few days since with a friend, the conversation turned upon the prospects of the fruit crop. "By the way," says our companion, "a friend of mine informed me of a new and somewhat novel mode of keeping birds from cherry trees, that was tried by him, and which he says proved entirely successful. It is simply putting a cat in a box, made of strips of boards, and placing it in a tree. The strips were placed just far enough apart to prevent "pussy" from escaping, and yet rendered her perfectly visible. The birds would come to the tree, but almost instantly discover the box and the cat, and away they would go again without a cherry!—*Richmond Times.*

USEFUL HINTS.

A mixture of lard and kerosene oil—rather more lard than oil—well mixed and thoroughly rubbed into the hair of cattle once or twice, is recommended as a certain cure for lice. The remedy is a cheap one and worth a trial. This is just the season for testing its efficacy.

A writer in the *Country Gentleman* says "the gapes in chickens can be cured by passing the tip of a feather dipped in spirits of turpentine into the small opening of the windpipe and giving it a turn or two." As the gapes are generally fatal there can be no objection to trying this remedy.

In transplanting cabbages at the North, if the earth is dry, a small ball of moist earth is squeezed on the roots of each plant.

PREVENTIVE OF CHOLERA.

On the first sensation of abdominal pain, diarrhœa, etc., etc., take of

Tincture of Opium, 25 drops,
Tincture of Capsicum, half a drachm,
Tincture of Camphor, half a drachm,
Tincture of Cardamon, one drachm,

in a little water. Lie down and keep your spirits up by reading some cheerful book. Wear *habitually* a woolen (flannel) bandage, ten inches wide, around the abdomen. There would be no harm in one or two tea-spoonsful of really good old French brandy, even if you are the most temperate individual living. If your lodging is in an infected quarter of the city, and you are obliged by *res angusti domi* to remain there during the prevalence of cholera, the use of a charcoal respirator will protect you from inhaling the noxious effluvia in your immediate neighborhood. Dr. Stenhouse first introduced this instrument to the world. Its object is to prevent the access of the noxious effluvia of cholera, typhus, yellow fever, etc., to the lungs in respiration. It covers the nose and mouth, and consists of a layer of coarsely powdered charcoal, one-fourth of an inch thick, between two sheets of silvered wire gauze, covered with thin woolen cloth. The frame is made of thin sheet copper, while the edges are made of lead so as to fit the lower part of the face, which is moreover protected against the pressure of the metal by the padding and velvet lining of the instrument. This new instrument acts as an air-filter, and protects against infectious diseases.

HOUSE FLIES.

An exchange paper says that house flies may be effectually destroyed without the use of poison. Take half a spoonful of black pepper in powder, one teaspoonful of brown sugar, and one teaspoonful of cream; mix them well together, and place them in a room on a plate, where the flies are troublesome, and they will very soon disappear.

Choice Miscellany.

HOW COAL WAS DISCOVERED IN PENNSYLVANIA.

A writer in the New York *Observer* asserts that Col. George Shoemaker, a gentleman of Teutonic origin, was the discoverer of Pennsylvania coal. He lived on the Schuylkill, and owned extensive tracts. The writer goes on to say:

"It chanced one day that in constructing a lime kiln he used some of the black stones that were lying about the place.—'Mine Got! mine Got! der stones pe all on fire!' exclaimed the astonished Dutchman, when the rich glow of the ignited anthracite met his gaze. The neighbors, who, of course were few and far between, were, after much ado, assembled to witness the marvel. This happened in 1812. Shortly after mine host loaded a Pennsylvania team with the black stones, and journeyed to Philadelphia, a distance of ninety-three miles. There unforseen difficulties were presented. The grates and stoves then in use were not constructed to facilitate the combustion of anthracite and burn it would not! After many ineffectual efforts to ignite the product it was thrown aside as worthless, and our discomfitted German, who had beguiled his toilsome way to the metropolis with dreams of ingots, returned to digest his disappointment in his mountain solitude."

A PATRIARCH.

We speak in another place of the longevity of the Deitz family of Hellam township, and will here state some facts in relation to the family of another aged patriarch of Lower Windsor township, in this county. We speak now of Mr. Peter Keller, senior, who is in his ninety-fourth year. Mr. Keller, notwithstanding his great age, enjoys good general health, so much so that he attended worship at Canadocholy church several times recently. His sight and hearing have, however, failed to some extent. His descendants to the third generation, number two hundred and twenty-one souls,—one hundred and eighty-six of whom are now living. The following are the generations: twelve children living and one dead; one hundred and one grand children living, and ten dead,—great grand children, seventy-three living and twenty-four dead, making in all two hundred and twenty-one persons. What an interesting sight it would be to see these one hundred and eighty-six living descendants gathered en masse around their aged and respected sire at a family dinner in the old homestead on the next anniversary of our national independence, to rejoice together with him in the goodness of God so conspicuously manifested to them in the preservation of liberty and restoration of peace.

It is a singular fact that the living descendants of Mr. Keller, all, with the exception of one in Perry county, and one near Littlestown, Adams county, Pa., reside in his neighborhood, and could all be visited by him in the space of a day, so far as distance is concerned.—*Wrightsville Star.*

$100,000,000 REWARD.

LOST—A BUREAU—The sole property of a poor freedman, who is inconsolable. Said bureau contained six drawers, in which were deposited the following valuables:

No. 1. 32,000,000 acres of public land and confiscated estates. Some of which is very valuable for raising Sea Island cotton.

No. 2. Daily rations for 1,700,000 freedmen for ten years, with privileges of removal.

No. 3. Clothing outfits for the same number of freedmen, of the same quality, and got up without regard to cost, including fine-tooth combs, sozodont and night blooming cereus.

No. 4. 100,000 first class residences for freedmen; Government pattern, with all the modern improvements.

No. 5. 400,000 colleges, schools, churches, (orthodox,) hospitals, alms houses, etc., all in the highest style of art.

No. 6. Government commissions for 965,000 salaried agents to superintend the distribution of the above property. These commissions are very valuable and eagerly sought for, as the emoluments and lucrative perquisites are abundant, duties light, and character no object.

The last seen of the bureau was in the hands of one of the Representatives of the people who is supposed to have it in his pants pocket. Any information which will lead to the impeachment and conviction of this audacious usurper, by which the bureau may be recovered, will be rewarded as above by

STEVENS, SUMNER, *et al.*

☞ A Johnson meeting was lately held in Towanda, Bradford county, Wilmot's old stumping ground, and the darkest negro equality region in the State. The meeting was large, and was participated in by some of the most influential Republicans of the county. Colonel Allen M'Kean, once a member of the Legislature, an influential Republican, and a son of Hon. Samuel M'Kean, who was formerly United States Senator, presided. Among other prominent Republican leaders who participated were E. W. Smith, Esq., and Hon. H. W. Tracy, twice a member of the Legislature and late Republican member of Congress from that district. Resolutions were passed sustaining the President's policy, and recommending the calling of a convention of the friends of the President to put in nomination a third candidate for Governor.

A FEW PLAIN THOUGHTS.

From the accession of Mr. Jefferson to power in 1801 until the advent of Mr. Lincoln in 1861, the government was conducted on Democratic principles.—There were, it is true, at long intervals, men belonging to other political organizations chosen, but after they were installed in office, they found it impracticable to carry on their administration upon the narrow and contracted views of the faction accidentally in power. This was the case with John Quincy Adams and John Tyler—so of Fillmore, and so, also, of Andrew Johnson, the present incumbent of the Presidential chair. We appeal to every unprejudiced mind if such is not the fact.

This being the case, then, let us study the history of the Republic for the sixty long years above referred to. Can we find anywhere, in any age of the world, or in any nation, a parallel to the happiness and prosperity of the American people? Crime was almost unknown, and the taxes were so light as to be scarcely felt by the people. And, by way of contrast, can we find such wretchedness anywhere as followed the overthrow of the Democratic party in 1860? It is literally true, and so impartial history will read, that the immense national debt under which we are staggering, the whole cost of the gigantic war through which we have passed, its vast slaughter of men and destruction of property, and the enormous taxation entailed upon us and our children for generations to come, are the returns the people have received for their misplaced confidence in the Abolition party.

If the Abolition party had not obtained control of the Government, it is admitted that there would have been no war—no slaughtering of tens of thousands of men, no destruction of thousands of millions of property, and no weight of taxation that will for long years cripple the industry of the Nation and reduce to serfdom the laboring classes. The Abolition party cannot shift the responsibility on the Democratic party. The representatives of the Democratic party in Congress voted for every proposition for a compromise—voted for the resolutions which the late Senators Douglas and Crittenden declared would result in a "just and honorable settlement of our National difficulties;"—and the representatives of the Abolition party voted against and defeated them, and loudly cried for the shedding of blood!

These are all facts which cannot be controverted, and the only hope for the nation, the only security for the future, is in the restoration of the Democratic party to power. The Government of this country never has been, and, what is more, (to adopt the prediction of the Lancaster *Intelligencer,*) never will be, successfully administered upon any other than the Democratic theory. Other parties have tried a different theory and failed, and the Abolition party of the present day will be the most conspicuous failure of them all. Its leaders are fanatics—not statesmen. Its policy is inconsistent, extravagant and mischievous, and so long as it holds the reins of power the prosperity of the country will be made to suffer, and decay and death to our political institutions will be the final and inevitable result.

IMPORTANT QUESTIONS.

The *Journal of Commerce* submits the following important queries for patriots and business men:

"What would the bonds of the United States be worth if Mr. Thaddeus Stevens were Secretary of the Treasury, with the powers now possessed by that officer? What is likely to be the future financial history of the country under Radical legislation, judging from the past? What is the debt worth if the Constitution is to be amended whenever it suits the ruling faction? These are no idle questions. They are no party questions. Those merchants and bankers of New York who have always called themselves members of the Republican party know very well that it is no question between Democrats and Republicans, but it is a question between themselves and the Radical men who are leading on to ruin.

"If the Congressional elections this fall fail to give the President a substantial support; if the Radical wing of the Republican party succeeds in whipping the Conservative wing into the support of Radical candidates, the future of our national finances, of our very existence as a people, becomes more dark than ever, nor can any one point to the period when it will be any better."

☞ The Republican party in this State is irrevocably pledged to Radicalism. The recent Republican Convention of Allegheny County adopted a series of resolutions, which are a fair type of the settled opinion of that party. Among them are the following:

Resolved, That the people of Allegheny County will sustain the course of their representative in Congress upon the question of reconstruction, and that the action of the Republican majority in Congress upon that question and in the passage of the Civil Rights Bill, meets with our hearty concurrence.

Resolved, That the unfailing devotion of Hon. Thaddeus Stevens, during a long and illustrious career, to the cause of freedom and humanity, and his hatred of treason and traitors, and by his advocacy of the *right,* stamp him as the man above all others whom we can safely honor and trust as a leader in this crisis.

This indorsement covers political action on the part of the Radical majority in Congress intended to prevent a union of the States under the Constitution, and the full indorsement of a man who openly proclaims his intention to prevent any reconstruction unless negro equality is made a leading idea in all the State governments engaged in the late rebellion. Are the people of Pennsylvania prepared to support such a party, or such a leader?

☞ M. Brunet, of France, has discovered that silk can be manufactured directly from the bark of the mulberry tree. He has succeeded in reducing the fine textile substance forming a portion of the bark into minute fibres, very durable, and having the general appearance of silk.

☞ Since Dana, the rejected applicant for the New York Collectorship, has retired from the Chicago *Republican,* that paper says: "Among all the plans of reconstruction that of Thad Stevens is the weakest and most impracticable."—There is some sense in that kind of talk.

SLANDERS REFUTED.

Not long ago a "Soldiers' Johnson and Clymer Club" was formed in York composed entirely of honorably discharged soldiers who had fought for the Union. The announcement created great distress among the managers of "the gallant Geary," and, in order to checkmate the movement, a number of slanders were promptly invented and published in the Radical disunion press.

These slanders the Club was not willing to rest quietly under, and at a meeting since held the following among other resolutions were unanimously adopted:

Whereas, Our attention has lately been called to certain statements originally published in Forney's *Press,* and since widely republished by disunion papers throughout the country, setting forth that "twenty of the signers to the Johnson and Clymer Soldiers' Club of York have been dead over one year, and that at least forty others are deserters and substitutes;" therefore

Resolved, That we denounce the above statement as a base and impudent falsehood, and well known to be such, alike by those who first coined it, and by those who have since given it currency; that every name on the list of members of this club represents a true and living man of this borough, whose record as a soldier and whose character as a citizen has never heretofore been assailed or doubted, and who, if opportunity offered, would furnish to these malignant slanderers such palpable evidences of their *existence* and true *soldierly* qualities, as would not be likely to be soon forgotten.

Resolved, That we reiterate our determination to support the reconstruction policy of President Johnson as embodying the only true and practical mode of adjusting our national difficulties and restoring the Union of these States on the basis of the Constitution; and that we will, with equal activity, promote the election of Hiester Clymer as Governor of Pennsylvania, in the full assurance that he will administer the government as our fathers made it, and zealously cooperate with us in sustaining the policy of the President.

The York Club now numbers over three hundred members, and is increasing daily in strength and influence. It consists of soldiers who fought bravely in the late war, many of whom were wounded and are crippled for life. Its President, Colonel Maish, is no paper Colonel. He distinguished himself in several engagements, was twice wounded, and still carries in his body one of the enemy's bullets. He is a member of the bar in York, and is respected and esteemed wherever he is known.

A CIVIL NECESSITY.

Office holders and those dependent upon their smiles, affect to be much embarassed to ascertain which side honor requires them to take in the contest between Radicalism and the President.

Strange that *they* should misunderstand the practical workings of the maxim "to the victors belong the spoils." Since 1861, the Republicans have had a just claim to the enjoyment of office, and most valiantly have they asserted their right. The records show that *twice* as many appointments were made *in the civil service* under Mr. Lincoln as had been made by all of his predecessors. Of this Democrats had no right to complain, and for five years they have patiently "stood out in the cold," and despite the subtle acts of a despotic foe have gallantly maintained their principles and their organization.

If the President would assume to dictate to Congress whom they should select to fill the offices at their disposal, he would justly merit and would undoubtedly receive the severest rebuke, and yet he has precisely the same right to do this that Congress has to dictate to him the recipients of his official favors. Upon this subject the Radicals have themselves settled the question. Who does not remember that within a brief two years the Radical shibboleth was, "THE PRESIDENT IS THE GOVERNMENT. Oppose the President and you oppose the Government. All men are traitors who do not support the President." Such were the daily utterances of the shoddy loyalists; Mr. Lincoln himself sanctioned the doctrine and their whole party acted upon it. The unlawful seizure and imprisonment of thousands of Democrats have indelibly impressed upon our minds this doctrine in all its length and breadth. If then, Lincoln as President was the Government, so Johnson as President is the Government, and we commend to their lips the chalice so rudely pressed to ours.

The offices are in the gift of the Executive. If he believes his policy will restore the Union and give prosperity to the whole people, and if he believes he can strengthen his cause through the offices at his disposal, he should at once and determinedly use the means the Constitution and laws have given him. Three-fifths of the Republicans are with the President, but through the controlling influence of their party machinery their voice is stifled, they are induced to be silent by the false assurance that all will yet be healed. They forgot that ANDREW JOHNSON proclaimed from the steps of the Presidential mansion, that THESE MEN "ARE TRAITORS." The hour for fraternization has passed, the breach is irreparable, the separation is final.

Upon the question of re-construction the Democracy in solid phalanx are supporting the policy of the President. They seek none of the offices. They have no just claim to them. They regard the contest as one of principle—one of greater importance was never submitted to the American people. Its defeat will forever sink the last hope of our free institutions, its triumph will make a glorious future possible for our noble country.

The influence of office-holders *for good* is but slight; *for evil* they may be all powerful. As supporters of a measure they weigh but little; as its opposers they are always felt. In a close contest, their opposition may turn the scale. In a deadly struggle with "traitors," can it be that the President will permit his office-holders to range themselves under the banner of treason and throw into the breach against him the influence and position they hold at his pleasure? Measuring the vigor of the foe and the magnitude of the issue, is it not plainly his duty to use with unsparing hand every means that the Constitution and la

CONSTITUTION!

GRAND

Democratic Mass Convention

OF THE

EASTERN AND CENTRAL COUNTIES OF PENNSYLVANIA.

A GRAND MASS CONVENTION of the friends of JOHNSON, CLYMER and the CONSTITUTION, will be held

AT READING,

On WEDNESDAY, the 18th day of July, 1866.

All who are in favor of the *immediate restoration of the Union in its original purity.*

All who believe that *the Constitution of the United States is the Supreme Law of the Land.*

All men everywhere who are opposed to committing the destinies of 30 MILLIONS OF WHITE MEN to 800,000 NEGRO VOTERS; all who are opposed to

NEGRO LEGISLATORS, NEGRO JUDGES AND NEGRO JURORS IN PENNSYLVANIA,

and especially those BRAVE MEN who perilled Life and Limb to defend and uphold the Government of their Fathers, and not to create a new nation in which the NEGRO is to be our social and political equal, are invited to attend.

The crisis of our Country's Destiny is upon us. The patriotic Andrew Johnson tells you that the *traitors* Thaddeus Stevens and Charles Sumner, are trying to destroy our system of Government, the Government that Washington and Jefferson gave us, the best Government the world ever saw, and to establish in its place a *Consolidated Despotism*, controlled by New England fanaticism.

"CONSOLIDATION IS AS DANGEROUS AS SECESSION."—*Andrew Johnson.*

The most distinguished Democratic and Conservative Statesmen of the country will be present and address the Convention.

☞ The President and the Union Members of the Cabinet have been invited.

☞ Excursion Tickets will be issued on all the Railroads.

By order of the Democratic State Central Committee.

J. D. DAVIS, Chairman
Dem. Standing Committe of Berks co.
WM. ROSENTHAL, President
Democratic City Club of Reading.

☞ Democratic papers are requested to copy.

THE DISFRANCHISEMENT "ACTS" GO UNDER.

Decision of the Supreme Court.

The Supreme Court of Pennsylvania, now sitting at Wilkesbarre, yesterday (the 20th), decided, by a majority, against the act of Congress of March 3, 1864—which act was intended to disfranchise deserters from the military service and non-reporting drafted men. This decision also operates against the State disfranchisement act, lately signed by Gov. Curtin, and both acts fall together. We understand that Chief Justice Woodward and Justices Thompson and Strong rendered the decision against the act, while Justices Read and Agnew dissented.

This, then, settles the long vexed question, and establishes the fact that Pennsylvania's citizens cannot be deprived of their political rights without trial and conviction for heinous crimes. The unconstitutionality of both the act of Congress and of the Legislature appeared to be so clearly apparent from both a constitutional and common law stand point, that it cannot possibly be comprehended how any judge of an ordinary court, much less two justices upon the Supreme Bench, could for a moment hesitate about their condemnation. Both the Federal Constitution and our State Constitution declare emphatically and undisguisedly that "No *ex post facto* law shall be passed." The act of Congress of March 3, 1864, and the act of the Legislature signed June, 1866, were both *ex post facto*, inasmuch as they were retrospective, and undertook to punish for crimes previously committed. Again; no provision was made in either act for the trial of accused persons previous to the infliction of the penalties; and hence in that they were in conflict with both Constitutions, which are perfectly clear in demanding that a fair and impartial trial and *conviction* of crime shall precede the infliction of punishment or penalties.

☞ From this decision it is clear that McConaughy holds his seat in the Senate *in violation of fundamental law.* The pretext upon which he was admitted by a partizan committee is declared untenable, and all "the props are knocked from under it." Having, then, no right to the seat, will he continue to hold on to it?—will he continue to disregard the will of the people as solemnly expressed at the ballot-box? *He may*, but a man *with any sense of honor* would scorn to do it.

PRESIDENT JOHNSON OPPOSED TO THE AMENDMENT!

President Johnson has taken open ground against the Constitutional Amendment. In a message to Congress on Friday he says "a proper appreciation of the letter and spirit of the Constitution, as well as of the interests of national order, harmony and union," are against any amendment now. GOOD!

Democratic Victory in Nebraska!

The Democrats have carried the Nebraska Legislature, thus securing the election of two Democratic United States Senators. The Senate will stand 7 Democrats to 6 Radicals, and the House 23 Democrats to 16 Radicals. This is truly a glorious victory.

New London Election.—At the charter election in New London, Conn., on Monday, the Democratic ticket for Aldermen and Councilmen was elected by a majority of over twenty-five. That was doing well for a city that gave Hawley 84 majority in April last.

A Wonderful Change.—It is quaintly observed by a cotemporary, that last spring a traitor, rebel or copperhead, was one who did not sustain the policy of the President. This spring a rebel or copperhead is one who does support the President. Last year to speak lightly of the President was treason. This year the test of loyalty is denunciation of the Executive.

☞ Grinnell's own party friends in Iowa have given him an unkinder cut than the one he got from Rosseau's rattan. They have nominated another person for his seat in Congress.

☞ Will McConaughy vacate?

NO AMENDMENTS UNTIL THE UNION IS RESTORED.

"We are glad to know that President Johnson stands firm in his opposition to all constitutional amendments at the present time, and to all conditions precedent to the admission of loyal representatives from the Southern States. Wait until the Representatives and Senators are admitted—until *all* the States are in their places in the councils of the nation. Let the Union be restored, and then a discussion of changes in the fundamental law will be in order. That is the platform upon which all truly patriotic men must stand."—*Pittsburg Republic.*

Yes, and wait until the people can have a voice in the matter. Let the Constitution remain as it is until "We, the People," who made it—who love it—who have clung to it through good and evil report—and who upheld and defended it alike from the assaults of hostile enemies, and the secret machinations of those who have declared it "a league with death and a covenant with hell"—shall demand its emendation, mutilation or destruction. It is not for those who "throw conscience to the devil," as did Thad Stevens; it is not for those who said "let the Union slide," as did the present Rumper, Banks; it is not for those who said "we are not governed by the Constitution," as did Thad Stevens; it is not for those who deny that this is a white man's government, who declare that negroes shall vote, and sit as jurors and hold office, and who are working and scheming to build up a central despotism upon the ruins of the Republic, as are the Rump majority, to tinker the Constitution achieved by the blood of revolutionary fathers and signed with the honored name of Washington. It is not for the Landons, the Lowrys, the McConaughys and the Ruddimans—who have disgraced the name of their State by their rantings for negro rights and their defence of political tyranny and lawlessness—to vote away the right which every citizen of Pennsylvania possesses of deciding under what form of government he will live.

No, no; it is not for them nor such as them to sign away the liberties, the rights, the happiness and destiny of Pennsylvania's sons. "We the People" will be as nothing, if this is permissible. Getting its vitality and power from the people of the United States, the whole spirit of the Constitution points to *them* as the power to ratify changes in its provisions. How will it be possible, however, for the People to choose or act without representation? Upon the proposed amendments they have no representatives—not one. Every Senator and Representative of the last Legislature (now to be recalled in session to act upon the amendments) is entirely independent of the People upon the subject of amendments to the Federal Constitution. They represent nothing but their own individual opinions, and will act in accordance with none other.

Are the people prepared for this? Will they endorse this continual usurpation of their individual rights, and enter no protest? By no means. The coming election, we hope and trust, will see every negro-suffrage, constitution destroying demagogue and disunionist consigned to eternal retirement in disgrace. Let the Voters of Pennsylvania see to it that none but true Union and Constitution-loving representatives are elected to Congress and the Legislature next fall, and whatever harm may be done by the present faction of Yankee agitators and Disunionists will be speedily counteracted and repealed. In that course appears now to consist the only hope of safety to constitutional liberty. Up, then, Sons of the Old Keystone, and once more, down with the traitors and up with the flag of thirty-six stars—not one more nor one less.—*Patriot & Union.*

CLYMER GETS THE PAINTING.

At a fair for the benefit of the Presbyterian church at Mechanicsburg, last week, an oil painting of George Washington was put up to be voted for at 10 cents a vote. The understanding was that the painting was to be presented to the candidate for Governor having the largest number of votes. The Clymer tickets were deposited in one box, and the Geary tickets in another. The voting was kept up with great spirit for three days, and on Saturday evening the tickets were taken from the boxes and counted. They stood:

Clymer,	2,391
Geary,	1,447
Majority for Clymer,	944

That will do! The Gearyites made desperate efforts to get the painting for their candidate. They wrote to negro-suffrage men all over the county, beseeching aid, on account of "this being Geary's own county," &c. They worked and begged day and night, but all to no purpose. The friends of Clymer were also quietly at work, and we congratulate them on the result. The result of this contest is an indication of what may be expected this fall in Old Mother Cumberland.—Stand to your guns, Democrats, and all will be well in October.—*Carlisle Volunteer.*

A Wedding in Mobile.—A grand wedding occurred at Mobile on the 11th, at the African Church. Samuel Jackson, a negro man, once the slave of General Beauregard, married Miss Sarah Jones, a white schoolmistress. The house was crowded by negroes. The friends of the pair afterwards participated in a banquet at the house of the bridegroom. The newly married pair left on an early train to visit the bride's friends at the North. The bridegroom has considerable property.—*Baltimore Sun.*

The above item shows the result of the teachings of the Republican leaders.—They assert that a "negro is as good as a white man," but this Yankee "school marm," more advanced than they, thinks a big buck negro better than a white man, particularly when the negro has "considerable property."

☞ General Rosseau, of Kentucky, caned the Rev. Grinnell, of Iowa, the other day. We have no doubt but that the Reverend gentleman deserved all he got, and only regret that the cane broke before he had received a sound thrashing. A few lessons of the same kind may teach the white cravated gentry that blackguardism and personal abuse will not be tolerated outside of their own pulpits.

☞ The Democratic Convention of Bedford county, held on Tuesday last, recommended Hon. B. F. Meyers for the State Senate and Hon. A. H. Coffroth for Congress.

☞ A Soldiers' Johnson-Clymer Club has been formed at Lewistown, Mifflin county, with Brig. Gen. W. H. Irwin as President. It entirely repudiates the Pittsburg *cheat.*

"THE EXPENSE."

In times past, when the Government was administered by Presidents Adams, Jefferson, Madison, Jackson, Van Buren, Harrison, Polk, Taylor, Pierce and Buchanan, the expenses of the nation were canvassed with great care and deliberation, and limited to the smallest sum possible. But it is a remarkable fact that since the advent to power of the Republican party the word economy has become obsolete. We never hear from the Republicans the objection which Clay and Webster, and their compeers, used to urge with such eloquence that this or that bill should not be passed because it unnecessarily increased the expenses of the Government and the burthens of taxation on the people. In those days public men often counted the cost to the people of the measures they proposed, and more than one man was shipwrecked because he was reckless and extravagant with the public money. But the times have sadly changed. We never hear the question of how much it will cost started by any one belonging to the dominant party. The thousand and one schemes against the Treasury are received with favor, and millions upon millions are appropriated without a single thought of how the money is to be raised, or how many must suffer for the actual necessaries of life, because the Treasury of the United States must be filled to meet the expenses of government.

THE RIGHT SPIRIT.

The Central Lutheran Synod of Pennsylvania held its annual session recently, at Blair, Perry county. Rev. W. H. Divgen presided, and Rev. M. L. Culler acted as Secretary. During the sitting of the Synod the President appointed a committee of five to report resolutions expressive of the sentiments of the Synod on the state of the country, of which Capt. D. L. Tressler was chairman. It is gratifying to observe the true spirit of patriotism and Christian charity pervading the resolutions. They do credit to the heads and hearts of the members of the Central Synod, and are in striking contrast with the spirit of bigotry and political fanaticism which of late years has been so shamelessly manifested in our churches and ecclesiastical bodies. We hope this may be the beginning of a better era, when politics will be discarded from the pulpit and synodical conventions—when ministers will again preach "Christ and Him Crucified," with all meekness and forbearance, inculcating the precepts of Him who spake as never man spake, instead of the doctrines of men.

The following resolutions are the last two of the series unanimously passed by the Synod:

Resolved, That whereas several prominent causes of estrangement between the States lately in conflict have been removed forever by the arbitrament of the sword, it is our duty now, as country loving citizens, to labor to unite the bleeding sections of the national heart, that our legal Union may be strengthened by moral bonds, and that thus, forgetting the bitterness of the past and remembering only its important teachings, we may be more closely and inseparably united ever hereafter.

Resolved, That in this momentous period of our Country's history we look with earnest solicitude to Andrew Johnson, President of the United States, whose patriotism stood the severest test of times that tried men's souls, and that we invoke upon him the blessing and guidance of Almighty God, that, forgetting not the just dignity of the government, he entertain *"charity for all and malice toward none."*

☞ Gens. Steadman and Fullerton have reported upon the workings of the Negro Bureau in South Carolina and Florida. Like their former report, it is filled with exposures of mismanagement, peculations, speculations and grinding exactions upon the negroes by the agents of the Bureau, and is particularly severe upon Gen. Saxton's administration—he who made so many speeches to the blacks, counseling them to demand "their political rights as equals of the whites," and to fight for them, if necessary. As usual, the Bureau is found to be a costly excrescence, stimulating to corruption upon the part of the agents and officials and indolence among the negroes. From the report it appears that the Government has to pay in salaries alone, in South Carolina, to agents, chaplains, clerks, messengers, &c., over one hundred thousand dollars annually, exclusive of the vast expenditures for rations, clothing, medicines, rents, transportation, &c., &c. The Bureau is a great imposition upon the taxpayers, and should be discontinued.

☞ The Radicals are meeting unexpected checks. The "sober second thought of the people" is bringing out a strong current of feeling against their revolutionary schemes. This feeling is strengthening every day, and by October it will be overwhelming. The name of Thad Stevens will soon be as odious throughout the whole country as it was in Pennsylvania after the "Buckshot war." Those who adhere to him will share his odium, and all of his present followers who do not want to sink with him had better get out of his boat at once.

☞ The Radicals boast that the "reconstruction amendment," as amended by the Senate, was passed in the House of Representatives by more than a two-third vote. It is a fact, however, that it received but *one hundred and twenty votes*, which is *one less than a majority.* In the Senate it received *thirty-three votes*, which is *four less than a majority.* Two-thirds of the present rump House in session at Washington differs very essentially from two-thirds of the House that ought to be there. The time may come when the acts of this rump Congress will be judicially declared unconstitutional and void.

☞ The *Republic*, the new conservative Republican paper at Pittsburg, intimates that some of the delegates to the late Geary convention held in that city "dispersed to their respective homes" without settling with the landlords. It says:

The hotel-keepers, where they were quartered, know that they are absent, but where they cannot tell. Landlords are anxious as to their whereabouts. If their friends would address a letter to the St. Clair and Eagle hotels, they can obtain information as to their names, and when they were last heard from. The valiant J. F. Hartranft, the prime mover and getter-up of this convention, under instructions from Williams, Stevens and Sumner, should appoint a committee to investigate this matter, and see that the ex-officers arrived at their places of residence. They left neither baggage nor money with their landlords; and truly, they have an anxiety to know that they are safe.

HORRIBLE MURDER IN YORK CO.

A horrible murder was committed near Rosstown, Warrington township, York county, last night a week. Mr. George Squibbs, aged 72 years, and his granddaughter, aged 12 years, were killed, and Mrs. Squibbs found in a dying condition. The horrible deed was committed by some one unknown, and a hatchet is supposed o have been the instrument of death. Money was no doubt the object, as three or four hundred dollars are missing. From the fact that all the victims were found divested of their shoes, it is believed the murder was committed when they were preparing to retire.

The community is much excited over this repetition of the Dearing massacre.

—The Commissioners of York county offer a reward of $300 for the arrest of the murderer or murderers.

LATER.

Supposed Murderer Arrested.—A pair of strolling beggars (man and woman,) were arrested at Manheim, in Lancaster county, on Wednesday, charged with the murder of the Squibbs family. The man's name is Charles Wilkins, aged 28 years, and was born in the Kingdom of Hanover—the woman's, Martha Ann Pontel, 51 years of age, and born in Franklin county, four miles from Chambersburg. The man denied that he had ever been at Rosstown, but the woman states that they left the Carlisle Poorhouse together, and reached the neighborhood of Rosstown, on Saturday, the 16th, when she went to Mr. Squibbs' house and begged something to eat; that they remained in the vicinity until next evening, when Wilkins insisted on going back to Squibbs; that she refused to go with him, saying that all the family would be in bed, but he abused her, struck her, and dragged her along. Upon reaching the house at about 8 P. M., Wilkins bursted the door open and went in, lighting a candle standing on the table, when the woman Pontel ran away, but stayed sufficiently near to hear screams. Wilkins came to her about 3 o'clock on Monday morning, when she asked him what he was doing, but he said it was none of her business, and struck her. At daylight she discovered blood on his hands, shirt and pantaloons; he compelled her to wash his shirt and cut the bloody parts out of his pantaloons and patch them. For some time he persisted in not telling her how the blood came there, but ultimately said he had certainly killed the girl and he thought the old man as well, but the old woman would get over it. He had with him a knife, which he said he used, and also a hatchet, which he found in the house. Although he had no money before he committed the crime, yet the woman saw a five dollar greenback in his possession, after his return to her.

Her story is said to be very straightforward, and is believed to be in the main correct. They were taken to the Lancaster jail.

☞ In Iowa, too, the Radicals appear to be losing ground. Their leading organ, the Davenport *Gazette*, dismally bewails the decadence of Thad Stevensism in that State. It says:

"Three months ago it seemed to be absolutely certain that the Republican party of Iowa would resolutely stand by the earnest declaration of principles made at the last State Convention, and would give most unequivocal rebuke to the rebel loving policy of Mr. Johnson. Now, however, there is strong probability, to say the least, that the utterance which ought to be distinctly and boldly made by the Convention on the all-important questions pressing for decision, will be so faintly given as to invite indorsement from tender-footed conservatives and ardent radicals with equal force."

If Radicalism cannot maintain itself in Iowa—the stamping ground of Harlan, the only straight-out Disunion member of Johnson's Cabinet—where can it?

WAR IN EUROPE.

By the arrival, off Farther Point, of the steamship Peruvian, we have one day's later advices from Europe. The first step in active hostilities has been taken. On the 7th the Prussian troops entered the Duchy of Holstein, and the Austrians were concentrating at Altona, where a collision was expected. The steamship China was telegraphed off Halifax Tuesday. The Continental news continued to be warlike. Austria has declared the ports of Pola, Caltaro and the Island of Lissa ports of war. Austria regards the Prussian invasion of Holstein a *casus belli.* The Emperor of France has sent the Duke of Grammont to Vienna, to make a last effort at conciliation. Austria maintains her position relative to the Conference, and is said at Berlin to have determined to settle the dispute by the arbitrament of the sword.

RECEPTION OF STATE FLAGS.

PHILADELPHIA, June 13th, 1866.

At a meeting of the Committee appointed to make arrangements for the reception of the State colors on the Fourth of July next, held yesterday afternoon, it was resolved that Commanding Officers of regiments late in the service of the United States be requested to furnish their color-bearers and guards who design participating in the ceremonies on the Fourth of July, with such credentials as will satisfy the Committee, to whom they report, that they are authorized to receive the colors and entitled to quarters and subsistence. A. W. GRAY, Sec'y.

The Assassination Plot.—The New York *World's* Washington correspondent makes the following astounding statement:

"It is stated here that a witness named Campbell has informed reliable parties in New York that the evidence of himself and others before the military commission which tried the conspirators, relative to Jefferson Davis' complicity in the assassination plot, was false, and that one Conover got up the testimony to obtain the reward; that it was all done under assumed names; and further that one of the parties, said to be Conover, had run away, to prevent being arrested. Campbell now claims that his evidence before the House Judiciary Committee, which is investigating the charges of Davis' complicity in the assassination plot, exposed the swindle and knocked the scheme into atoms, thus satisfying the committee that the evidence to connect Davis, Clay and Sanders with the assassination was bogus; and that the committee would no doubt report accordingly. Most of the witnesses have testified under fictitious names, Campbell included; but the latter has shown up one of the most rascally schemes that has come to light during or since the war. He claims the credit of exposing it."

☞ If it requires an amendment of the Constitution to deprive the Southern States of a *part* of their representatives, by what warrant does Congress, so long as the Constitution stands unamended, shut out the whole of them?

☞ An immense Johnson meeting was held in Baltimore on Thursday night last. Gov. Swann was among the speakers, and was very severe in his denunciations of the negro measures of the present Congress.

☞ Dawson's *right* to the seat he occupies in Congress has been decided in his favor by the committee on Elections, by a vote of five against two.

☞ THE COMPILER will be furnished for the campaign—from this time until after the October election—at the low price of *Fifty Cents!* Send in the names and the money—singly or by clubs. There is an interesting campaign ahead, and no Democrat or Conservative should fail to be posted when the information can be secured for the small sum of half a dollar.

LOCALS—*real* locals—are scarce just now. Too warm for base ball—even for dog fights. Fishing, though a fashionable occupation, results in nothing noteworthy. Many go—but "few there be that find"—enough to talk about.

COMMENCEMENTS.—The Annual Commencement at Mt. St. Mary's College, near Emmitsburg, will take place on Wednesday next, commencing at 8½ A. M. The Commencement at the Sisterhood will occur on the following day.

THE CROPS.—The seasonable weather during the present month has been very beneficial to the crops. Oats never promised better, and corn is growing well. The wheat has improved astonishingly, and if nothing untoward occurs, will produce a larger crop than last year. Many fears are expressed in regard to the *Wheat Weevil*, which has made its appearance here and elsewhere. We examined a field a few days ago, and although there was enough injury to be regretted, we did not look upon it as alarming. The weevil is said to be most damaging on the late wheat. We share the anxiety of our farmers, but hope the depredations of the insect will not be as destructive as some seem to anticipate. A few days more will tell.

"TIN WEDDING."—Mr. and Mrs. David Wills, of this place, celebrated the tenth anniversary of their marriage on Tuesday evening last. There was a large party on the occasion. Innumerable articles of tin were presented to, and a very fine entertainment given by, the "bride" and "groom."

PIC NIC.—The Gettysburg Band, under Prof. Gundrum, are making arrangements for a Basket Pic Nic, at Spangler's Spring, on the Fourth of July. A pleasant time may be expected, and a general invitation to the public is extended.

NEW MUSIC.—We have received three new pieces of sheet music from the extensive publishing house of Horace Waters, 481 Broadway, N. Y., respectively entitled—"I'll Marry no Man that Drinks," "Sunlight Polka Brilliant," and "Oh, you must be a Lover of the Lord." Any of our readers wishing music gotten up in neat style should patronize Mr. Waters.

GAME.—The time for shooting squirrels has not yet arrived. Don't kill them. Partridges will soon be plenty again, if sportsmen will only spare them a little the coming fall.

REPUBLICAN CANDIDATES.—The following are the Republican candidates thus far announced:

Sheriff—Nash G. Camp, Henry Kobler, Daniel Cashman.

Register & Recorder—Cornelius B. Crist.

Clerk of the Courts—Benj. F. Kepner.

Death of Gen. Cass.—Gen. Lewis Cass, the hero, patriot and statesman, died at his residence, in Detroit, yesterday week, aged 83 years. Gen. C. was the Democratic candidate for the Presidency in 1848.

Geary Promoted!—The *Patriot & Union* says it is reported that General Geary has been made an Hohorary Under-Secretary of the Manassas Branch of the Union Galaxy. The Galaxy is an association of freedmen, recently organized in Virginia for the purpose of securing for themselves and their brethren a share of the patronage of the Government, and social and political rights equal to those possessed by whites. The General, of course, cannot append his new and extensive title in full when he signs his name. It will be sufficient to give the initials, thus, "John W. Geary, H. U. M. B. U. G."

☞ The Republican Convention of the State of Maine, on Thursday, passed strong resolutions *in favor of negro suffrage.* Stick a pin there!

☞ The city of Williamsburgh, New York, was thrown into a terrible state of excitement, a few weeks ago, by the mutinous conduct of the white children attached to a Methodist Sunday school, in openly rebelling against the orders of their teachers to take position in line of procession behind a negro school. Neither threats nor persuasions could induce them to join in the procession. Miscegenation will prove a failure in that quarter. Will a Congressional committee be appointed to investigate the Williamsburgh rebellion? If so, "Young America" will not have much of a show.

☞ Thaddeus Stevens is sick, and his physician recommends an amendment to his constitution. Negro suffrage ought to be included.

☞ If Geary stands no better with the soldiers of the State generally than with those of "Old Mother Cumberland," (where he now resides,) he will not get more than *one vote out of ten!*

Transformation!

Cholera, Diarrhea and Dysentery!

A cure is warranted by DR. TOBIAS' celebrated VENITIAN LINIMENT, if used when first taken by persons of temperate habits. This medicine has been known in the United States over 20 years. Thousands have used it, and found it never failed to cure any complaint for which it was recommended, and all those who first tried it, are now never without it. In the Cholera of 1848, Dr. Tobias attended 40 cases and lost 4, being called in too late to do any good.

DIRECTIONS.—Take a teaspoonful in a wineglass of water every half hour for two hours, and rub the abdomen and extremities well with the Liniment. To allay the thirst, take a lump of ice in the mouth, about the size of a marble every ten minutes. It is warranted perfectly innocent to take internally. Sold by all druggists, price 50 and 80 cents. Depot, 56 Courtland St., New York.

A Single Box of Brandreth's Pills

Contains more vegetable extractive matter than twenty boxes of any pills in the world besides; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known, sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will save life.

Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use we prevent the collection of those impurities which, when in sufficient quantities, cause so much danger to the body's health. They soon cure Liver Complaint, Dyspepsia, Loss of Appetite, Pain in the Head, Heartburn, Pain in the Breastbone, Sudden Faintness and Costiveness. Sold by all respectable Dealers in Medicines.

Cures Fever and Ague.

No matter how severe an attack of Fever and Ague you may have, it must inevitably succumb to Radway's Ready Relief and Radway's Regulating Pills. No Fever and Ague could ever resist the power of these two remedies combined. One 50 cent bottle of Ready Relief will often of itself drive away this common but distressing disease. It is far more effective than dollars' worth of quinine or gallons of whiskey in such cases. Those who are liable to chills and fever should never be without the Ready Relief in the house for immediate application, and if a 25 cent box of Radway's Regulating Pills be kept beside it, believe us you are better off in an emergency than if you had an apothecary shop convenient and all the drugs in the pharmacopeia. All who are exposed to the weather—farmers, boatmen, teamsters, stage drivers, sailors, &c., will find a dose of the Pills to a sudden attack of the chills. It is an easy thing to catch, but with or limary medicine a most difficult thing to get rid of. And even when the fever and ague has been expelled by the usual drugs, it will return year after year at the same season, to torture its subject. But it never comes back when thoroughly routed out by Radway's Ready Relief and Radway's Regulating Pills. They make a perfect cure, and not a temporary one. They seize the disorder in its citadel, overthrow it, render it powerless for mischief, and then cast it forth to trouble you no more. It always Ready Relief is a fever and ague Killer of the most perfected kind. It destroys the disorder root and branch, after doling out by Radway's Ready Relief and Radway's Regulating Pills. Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.—These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a *reliable, speedy and certain specific for* the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually consumed by the ladies of the United States, every one of whom speaks in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest, and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength.—Explicit directions stating when they may used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine.

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. Sold by Druggists and Dealers everywhere.

Reasons Why The AMERICAN WATCH, MADE AT WALTHAM, MASS., IS THE BEST.

It is made on the best principle. Its frame is composed of SOLID PLATES. NO jar can interfere with the harmony of its working and no sudden shock can damage its machinery. *Every piece is made and finished by machinery* (itself famous for its novelty, as well as for its effectiveness) and is therefore properly made. The watch is what all mechanism should be—ACCURATE, SIMPLE, STRONG AND ECONOMICAL. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted together, and require constant repairs to keep them in any kind of order. All persons who have carried "ancres," "lepines" and "English Patent Levers," are perfectly well aware of the truth of this statement.

At the beginning of our enterprise, more than ten years ago, it was our first object to make a thoroughly good low-priced watch for the million, to take the place of these foreign impositions—the refuse of foreign factories—which were entirely unsaleable at home and perfectly worthless everywhere.

How well we have accomplished this may be understood from the fact, that after so many years of public trial, we now make MORE THAN HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES, and that no others have ever given such universal satisfaction. While this department of our business is continued with increased facilities for perfect work, we are at present engaged in the manufacture of watches of the very HIGHEST GRADE KNOWN TO CHRONOMETRY, unequalled by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an addition to our main buildings expressly for this branch of our business, and have filled it with the best workmen in our service. New machines and appliances have been constructed, which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used, and we challenge comparison between this grade of our work and the finest imported chronometers. We do not pretend to sell our watches for *less money* than foreign watches, but we do assert without fear of contradiction that for the *same money* our product is incomparably superior. All our watches, of whatever grade, are fully warranted, and this warrantee is good at all times against us or our agents in all parts of the world.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

These machines can be used as Self-Rakers or Hand Rakers, as farmers may wish. They are made with *two* cutter bars, one for cutting grain with sickle knife—cutting five feet nine inches wide—and extra bar, with two knives, for grass,—cutting four feet six inches wide, having iron or wooden frames as desired.—They have two driving wheels and flexible finger bar.

The company building these machines have secured by lease and purchase, the control of all the desirable and standard patents now in use, among which are the

to which we direct special attention. In compactness, lightness of draft, excellence of workmanship and finish, combined with great strength and adaptation to all kinds of work, they will compete with, and we believe, surpass, any other machine now offered to the public.

Farmers would do well to examine these machines before purchasing any other. They will be sold as cheap as any other first-class machine now manufactured, and we warrant *them to give entire satisfaction or no sale.*

THE HUBBARD.

THE undersigned are agents for the sale of Hubbard's celebrated Mowers and Reapers, both combined and single Mowers and Self-Rakers. Farmers would do well to examine our specimen machines before purchasing any other. We warrant satisfaction or no sale. The advantages of the Hubbard as a Mower, are its light draft, great strength, simplicity and durability, freedom from all side draft, no weight on the horses' necks, and is easy work for two small horses. The main features and advantages of the Hubbard as a Mower are retained in the Reaper, and can be changed from a Mower to a Reaper by changing three bolts and two shoe pins. The raker, with one easy natural motion, brings the grain towards him and deposits it in a compact sheaf in the rear of the machine, leaving ample room for the machine to pass next time around. The Self-Rake has no equal; it is a reel and a rake combined. The driver by use of a lever regulates the size of the bundle, and it can be worked in all kinds of grain from the shortest oats to the tallest rye; is very simple in construction, and less liable to get out of repair than any other Rake. They are made with two cutter bars, one for cutting grain with sickle knife, cutting five feet nine inches wide, and an extra bar, with two knives, for grass, cutting four feet eight inches wide. Extras always kept on hand. Specimen machines can be seen by calling on the agents, residing near Gulden's Station. Post office address, Granite Hill, Pa.

Various Matters.

☞When President Lincoln, on the surrender of Sumter, called seventy-five thousand men to arms, there was not a shadow of a statute to justify his demand. Down to the meeting of Congress he scarcely did a constitutional act.—*N. Y. Tribune.*

If some unfortunate reasoner had talked thus before the martyr became a martyr, the reasoner would have been made a martyr.

☞The *Village Record* says in its issue of the 9th:

"Hiester Clymer declared the war for the Union an unholy and an unjust crusade on the personal rights and local institutions of the people of the South."

We pronounce the above a falsehood, and call for the proof. Will the *Record* give us the time, place, and circumstances under which Mr. Clymer made use of any such language?—*Doylestown Democrat.*

☞The military have taken possession of and suppressed *The Loyal Georgian.* This was an Abolition sheet of the rankest dye, published by negroes in the interest of the ultra Radicals, and was used to disturb the peace of the country in which it was located. At this exercise of military power the Radical newspapers are highly scandalized. They now prate in the glibbest manner about the freedom of the press. They also declaim in the most violent manner against an unlawful exercise of arbitrary power. But they made no objection when Democratic and Conservative journals were suppressed for daring to give lawful expression to the thoughts of freemen, and in many cases they hounded on the brutal mob to destroy the private property of their neighbors. *Then* it was all right—*now* it is all wrong. Verily, *the chickens are coming home to roost!*

☞Not content with their reports of "Reconstruction Committee," smelling commissions, &c., &c., the Disunionists have now a bill in waiting providing for the completion of a one-sided history of the war, to be edited by some Abolition stark-mad Yankee, at a salary of $2,500 a year—the work to embrace about forty heavy volumes, and to cost the Government several hundred thousand dollars. It certainly does appear that the sole end and aim of the Disunion leaders is to rob the people and enrich themselves and their aiders and abettors. If the people want to save themselves from general bankruptcy and penury, they *must* turn out the congressional thieves.—*Patriot & Union.*

☞The Geary convention says it "is able to express its sentiments upon the *whole* matter of *issues* and candidates in four words—God grant Geary victory." This is a very meagre epitome of issues and a rather antagonistic arrangement of candidates. God never granted Geary a victory as a general in the Union cause, and, as Deacon Bigelow says, he would be "a very great scoundrel" to grant him a victory as a Disunion politician. God and Geary ain't running on the same ticket.—*Patriot & Union.*

☞A meeting of Republicans was held in Macomb, Illinois, on the 26th ult., at which strong resolutions were adopted indorsing the reconstruction policy of President Johnson. This was followed, on the 23th ult., by another at Springfield, in the same State. The Chicago *Times* says: "The Springfield meeting will serve as an eye-opener to the Radicals of the State. When such prominent Republicans as Hon. J. E. Rosette and Colonel Matheny leave the Radical faction, and are daily followed by other men equally prominent, the signs of its speedy dissolution multiply fast."

☞Since New Jersey has become "Republican," (shoddy,) corruption has stalked abroad over the Jersey sands. The grand jury of Bergen county have found bills of indictment for bribery against four members of the Assembly; two bills against a fifth, and have fourteen other bills prepared to act upon. It is said that practices the most corrupt were freely indulged in, and to an extent truly alarming, by members and officers of the Legislature—the latter in addition to their high salaries, levying fees and black mail for preparing and presenting business and for other services. It is the same old story—the outcropping of "grand moral ideas."

Barron's Safety Lamps,

LIG-RO-INE (Red) FLUID.
PATENTED.

THIS Lamp apparently burns *without anything to feed it.* It has, however, a material which absorbs the liquid and gives it to the flame, partly from the wick, and partly in the form of gas, but so as to produce perfect combustion, and is very economical and safe.

It is used without a chimney, and perfectly trimmed, does not smoke or smell; it is therefore especially adapted to the purposes of a "run about," night, nurse, shop or hotel lamp, or lantern. The cost of broken chimneys, alone, will more than pay the cost of this lamp. Every family needs one or more.

LIST.—Lemon, Orange, Vanilla, Rose, Peach, Nutmeg, Celery, Allspice, Cloves, Ginger, Birch, Cinnamon, Apple, Mulberry, Pine Apple, Banana, Mace, Raspberry, Pear, Pepper, Parsley, Strawberry, Bitter Almond, and Savory spices.

The great difficulty heretofore experienced in procuring true Flavoring Extracts, has induced the proprietor to spare no pains or expense in giving to the public an article which will be found true to its name, and which will in no instance be a source of disappointment.

It will be observed that our extract of Lemon and Orange is a prepared extract from the Peel, which any one may be convinced of by merely smelling them.

The price of Vanilla Beans, too, has caused more useless Extract of Vanilla to be manufactured and sold than any other essence; being either made from Tonka Beans, or some other fictitious compound. In our Extract we WILL GUARANTEE A PURE ARTICLE! made from the true Bean, without any foreign substance whatever.

Bell's Worm Syrup.

THE MOST INNOCENT, PLEASANT AND EFFICIENT REMEDY IN USE.—A REMEDY PERFECT IN ITSELF.—*No Castor Oil to be Taken.*—In this Preparation we have included such remedies only as have been tried for years and are known to possess powerful anthelmintic virtues, combined with mild aperients, pleasant aromatics and sugar. Anthelmintics of themselves cannot perform their *peculiar functions or have the desired effect,* unless the bowels are kept moderately open. To produce this, gentle purgatives are necessary and such only ought to be used that cannot interfere with the anthelmintic employed. The advantages we claim for this Syrup are:

1st. Its power of DESTROYING AND EXPELLING WORMS!

2d. Its mild aperient effect upon the bowels.

3d. Its pleasant taste and odor are advantages possessed or claimed by very few Vermifuges.

4th. Its harmless influence upon the system, consequently no injurious effects will result from its use should the patient have no Worms, but an apparent disease, arising from some other unknown cause, which is frequently the case.

The constituents of this Syrup and its effects are known to many Physicians, who are now using it in their practice to a large extent.

Price 25 cents a bottle.

The Greatest Liniment in Use.

BELL'S WHITE OIL!—*The Blandest, Cleanest, most Penetrating and most Economical Liniment in Use.*—A powerful Oleaginus Compound for the Speedy Cure of Rheumatism, Strains, Sprains, Wounds, Numbness of the Limbs, Frosted Feet and Hands, Spavin, Saddle Galls, Poll-Evil, Ring Bone, Bruises, Swellings of all kind, and in fact every disease for which an Embrocation is applicable, either in Man or Beast. Price 25 cents a bottle.—This preparation, which is original with us, will be found to be one of the nicest and at the same time one of the most reliable applications extant.

Having been employed very extensively since its introduction and feeling satisfied of its remedial properties, we recommend it with the utmost confidence, knowing that no one will be disappointed in its use. It is, as its name implies, a white liniment of the consistency of cream, containing nothing offensive, but, on the contrary, will be found more pleasant than otherwise.

Bell's Alterative,

OR CONDITION POWDERS!
FOR HORSES, CATTLE & SWINE.

25 cents a paper, or five papers for $1.

The immense sale of these Powders during the short period they have been before the public, is a sufficient guarantee of their great popularity, and the decided benefits derived from their use.

They are confidently recommended not only as a preventive, but as a complete cure for all diseases incident to the HORSE, COW or HOG, as Loss of Appetite, Coughs, Heaves, Yellow Water, Distemper, Glanders, &c., &c.

By their use the Horse's Appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as it contains no ingredients which can injure a horse, whether sick or well.

They cleanse the breathing apparatus by ejecting from the air cells coagulated matter, or that formation which so severely clogs them, causing a tightness in breathing, and by their peculiar action on that part, they cause the mucus membrane to resume its natural dimensions, thus equalizing the circulation of the blood and restoring the distended vessels to their natural size.

For fattening cattle they are invaluable, also possessing peculiar properties in increasing the quantity of milk in Cows, thereby giving them an importance and value which should place them within the hands of all interested.

All diseases to which the Hog is subject, as Coughs, Ulcers in the Lungs and Liver, and as a general purifier of the blood we guarantee their efficacy if once fairly tried.

CHOLERA PREVENTIVE!

I. X. L. 1866.

THE GREAT ZINGARI BITTERS.

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopsus, an eminent Egyptian physician.

He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

The great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was lead to think and experiment; and after ten years of study and labor, he presented to his fellow man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce of prevention is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.

All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fevers.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is *composed entirely of roots and herbs,* so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following diseases have been cured by it: Cholera, Diarrhœa, Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Anæmia, Female Irregularities, Dyspepsia, Flatulency, Colic, Scrofula, &c.

TAKE NOTICE.

FARMERS AND DEALERS IN FERTILIZERS will please take notice that we have adopted the following Trade Mark to protect ourselves, and prevent those who use our RAW BONE SUPER PHOSPHATE from being deceived when purchasing manures.

We have been obliged to give this protection to our customers, in consequence of several parties having unlawfully used our distinctive name, viz: "Raw Bone," in offering their article to the public. This Trade Mark is adopted in addition to the title "Raw Bone," which is our exclusive property, and we caution all manufacturers from using it in future. We would state to the trade and consumers, that they will find it to their interest to see that the "Trade Mark" is upon every bag and barrel they purchase, as none other is genuine.

Super Phosphate of Lime,
Manufactured by BAUGH & SONS,
No. 20 South Delaware Avenue,
PHILADELPHIA.

The great popularity of our article has been found sufficient inducement to certain imitators to manufacture and advertise "Raw Bone Phosphates," a name which originated with us, and is our own rightful property. We will state for the information of all, that we are the exclusive manufacturers of this article—the original and sole proprietors of it—having been manufactured by us for a period of twelve years. Also that it is covered by several letters patent, held only by ourselves.

We are now ready to supply it in large quantities—having made recent additions and improvements. Vessels drawing 16 feet of water can load directly from the wharves of the works, which are located at the foot of Morris Street, Delaware River. We call the attention of DEALERS to this great advantage.

The present indications are that we shall have a greatly increased demand over last spring and fall seasons, and we advise Farmers to send in their orders to their respective Dealers at an early day, that all may be supplied promptly.

Soliciting your continued orders,
